Why Union Baptist Church

Vermont is one of the most unchurched states in the country, with 20% attending a local "religious" service weekly. Very few Gospel preaching churches exist in the Northeast Kingdom and nearby New Hampshire, and we want to be part of God reaching the people of the region.

Many in our church community spend time in the mountains hiking, skiing, biking, and enjoying the outdoors. Our area has many local eateries and coffee shops, shopping staples can be found within 30min, and two international airports are within a two hour drive.

Union Baptist Church has a passion for seeing people transformed by the work of the gospel and becoming engaged in a Christ-centered community. We believe this is vital in fulfilling the Great Commission and are excited for the person God calls to join our team.
